

Adding a Water Kit Sample

[1] Ensure you have accessed your Location (a), then expand the (+) icons in the Menu Tree to Water (b). To add a new sample click the (+) (c). Both Treated and Untreated Water Samples are added the same way.

Note: Ensure the correct choice (Treated or Untreated) is made first. Once added, the sample type cannot be switched. It can only be deleted and re-added.

[2] Complete the field data and obtain a DOEHR ID.

Click 'Save and Continue' to obtain an ID.

Association shown below

If the 'OEHSA / Exposure Pathway' reason is selected, associated one as shown below.

Samples taken for 'Garrison Compliance' do not require an Exposure Pathway.

Water Sampling Points are controlled through these drop down choices. New points are added as seen in Tutorial 16.

Associated Exposure Pathways
 There are currently no Exposure Pathways associated with this sample. You may add Exposure Pathways by clicking on the Associate Exposure Pathway(s) button.

Exposure Pathways - Search Results
 Please select Exposure Pathways to associate with the filtered based on the sample date and sample type.
 Location: ECHELON
 Sample Type: Treated Water
 Sample Date: 2020/07/15
 Sample ID: 00002GTD

Note: If there is no Exposure Pathway to select, contact the Army Public Health Center for creation of one.

Select	Exposure Pathway ID	Source	Environmental Media	Health Threat	Route of Exposure	Num Pers
<input type="checkbox"/>	7783	Water treatment system	Water	(Chemicals, microorganisms, toxins, radionuclides)	Other	200
<input type="checkbox"/>	7575	Base Camp ECHELON Potable Water (Bottled)	Bottled water contamination	(Chemicals, microorganisms, toxins, radionuclides)	Ingestion	200
<input checked="" type="checkbox"/>	7763	Base Camp ECHELON Potable Water (WTS) (200)	Water treatment system contamination	(Chemicals, microorganisms, toxins, radionuclides)	Other	200

Page: 1 (Displaying results 1 - 2 of 2)

Water System Sampling Point or Bottled Water
 Is Bottled Water? Yes No
 Water System Component Type: Pipe Distribution System
 Water System Component Name: Base Camp Echelon Potable PDS
 Sampling Point: Echelon DFAC/ECHELON-AFG- DFAC: HandWashSink (15)

Pipe Distribution System
 Name of Pipe Network: Base Camp Echelon Potable PDS
 Construction of Pipe Network: Above ground
 Type(s) of Pipe Materials: Polyvinyl Chloride
 Other Type(s) of Pipe Materials:
 Most Recent Prior "Pipe Distribution System Survey" for Base Camp Echelon Potable PDS
 Survey ID: 55531
 Start Date: 2019/12/06
 Responsible PO Person: Varriano, Victoria Rose
 Close Date:
 Survey Status: In Progress

Field Data

Water Kit Type: Deployment Treated Water Kit

Water Type: ROWPU Municipal Disinfected Fresh

Operating Unit:

Source Of Water:

Primary Treatment: Chlorine, Filtration

Well Water Tanker Water Blivet Distribution System Treatment Facility ROWPU Aircraft Watering Point Bottled Water Unknown N/A

Primary Drinking Secondary Drinking Non-Drinking Unknown

(Non-Drinking)
 Showering Personal Hygiene Cooking Recreation
 Other

Less Than or Equal to 5 Liters per Day Greater Than 5 Liters per Day
 Estimated Rate: L/d

Temperature: deg C
 Total Dissolved Solids (TDS): mg/L
 Ecoli: ppm

Notes (Field Measurements/Observations/Water Quality Description):

These field data fields are obsolete when the Exposure Pathway and Sampling Point fields are used correctly. Some fields are already pre-populated based on the sampling point selected. Do not overwrite these selections.

Field data sample results should be added as shown in tutorial 18. Current fields are obsolete.
