

# CHOOSE TO GET VACCINATED

PROTECT yourself, your family, your community, and help end the pandemic.

1. The vaccine will offer additional protection from COVID-19.
2. When entire communities get vaccinated, wear masks, social distance, avoid large gatherings, and wash their hands we'll have the best chance of ending the pandemic.
3. Initial vaccine quantities will be limited. Talk with your healthcare provider or local Medical Treatment Facility for more details about when vaccine will become available.

The vaccines available for COVID-19 have been proven safe and effective, are authorized by the U.S. Food and Drug Administration, and are being manufactured and distributed safely and securely.
