There is no need to Add a Location or Browse by Location Tree

RULE: If the Location you are trying to access is **not in DOEHRs**, **do not add** one. **Contact the Army of Public Health Center POCs** and it will be added in for you.

[3] The **Location – Search Results** page is shown. DOEHRs also searches the Comments field to assist with Camp associations. The Comments field is where aliases and alternate spelling are stored as well.

Location Name	Location Type	Country	Parent	Comments	Start/Stop Date
ARIFIAN	Base Camp	Kuwait		Camp Arifjan	2012/08/24
BAGRAM	Base Camp	Afghanistan			2012/08/07
FENTY	Base Camp	Afghanistan		Small FOB example	2013/02/05
LEATHERNECK	Base Camp	Afghanistan		Tombstone	2012/08/24
LION	Base Camp	Afghanistan			2013/02/28
US_KS_Fort Riley_20736	Installation	United States (NATO member)			2014/01/15
US_MD_Aberdeen Proving Ground_24004	Installation	United States (NATO member)			2014/02/18
US_MD_Fort George G. Meade_24571	Installation	United States (NATO member)			2015/01/09
US_TX_Fort Bliss_48083	Installation	United States (NATO member)			2013/11/21

TIP 1: You can search on *partial spellings* of a Base Camp/Installation and DOEHRs will return everything with that combination of letters.

TIP 2: In an (EH) Program Office, there are only a few Locations in an AOR, so typing a name is not always needed. In the DoD Deployment Surveillance Program Office, a Name and/or Country Filter may be needed since there are many, many location to sort through.

[4] Click on the Location you need and ensure it is shown in the Navigation Bar on the left. The **Location – Detail** page is shown. **NEVER MAKES EDITS TO THIS PAGE**. Set the Home Page as desired to reduce the need for Searches on each login.

TIP 3: Comments can be added, BUT NEVER REMOVED. The Location Information tile can store geo-coordinates if they are available and unclassified.
